Allison,

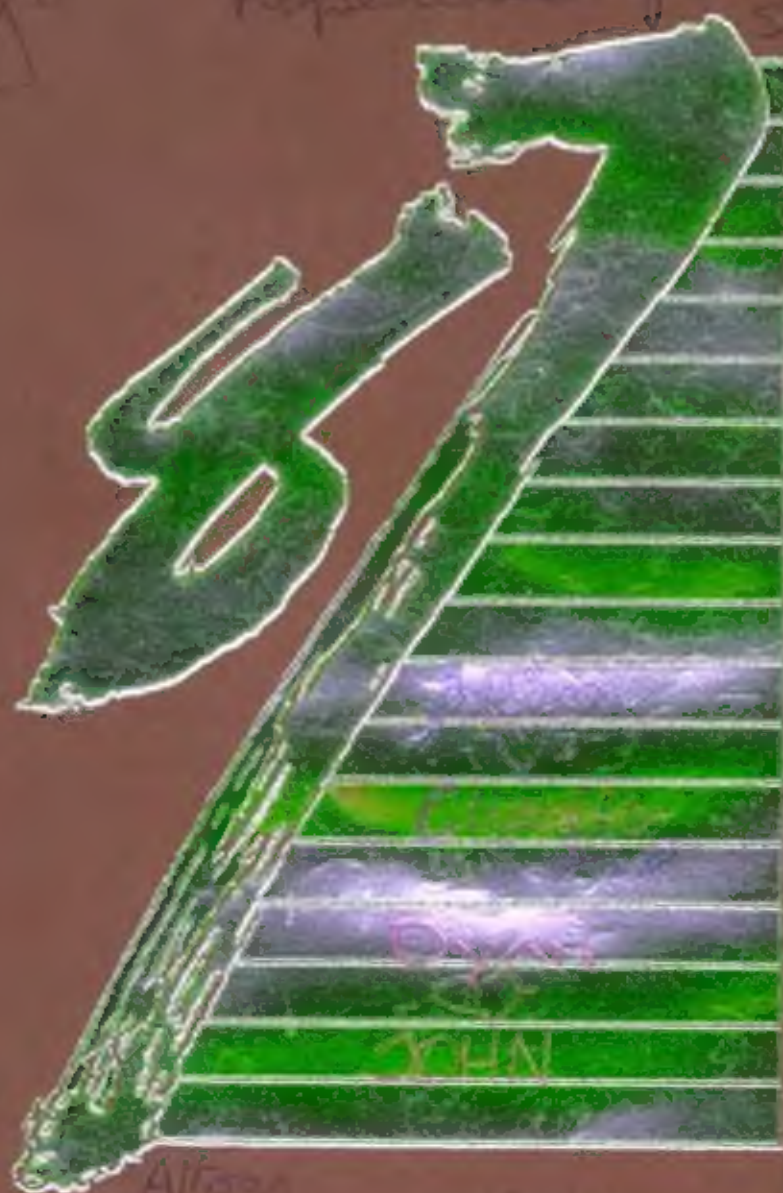

Hey Dad - remember the 1st day  
of school? Unwee!! I'm so glad  
we met, you got!! Call me in  
the summer and I will do something  
ok? You know what I want!

Love Jalots,  
Wendy

To Allison  
told there I wish I  
you- well it's been  
telling you on Spanish  
I hope you have a fun summer  
I also hope to see you at the pool  
good luck in all you do  
fall guys

To Allison  
It was a fun year.  
Spanish was quite a  
much fun (haha) You  
a great summer and I  
hope to see ya next year.  
stay well

Love  
Daddy

Allison (my baby) the  
well I haven't go to  
talk to you that much  
I hope we can talk  
more next year, I hope  
I see you in the summer.

Your Friend

Todd Jackson

Allison,  
Hey that's my buddy! Anyway, that god that this year is over!  
get period would have been totally coming if you wouldn't have  
talked to me, thanks. Well, have a really amazing summer and don't listen  
to Todd and his King Tong stuff, it's stupid!  
see ya until this God live. Hey, I hope I see ya next  
year!

Let us make you a pirate! Experience all the island fun and excitement Piedmont Hills has to offer. When you run you'll feel laughter. When you relax you'll feel relaxation. Why not start the morning off with a quick dip in the sparkling pool for your afternoon enjoyment. Piedmont offers many courses in foreign, Spanish, and in foreign language of your choice. Learn from experienced and dedicated teachers. There's no place in the world where you can find a more beautiful and peaceful environment. Homecoming, sports events and drama provide a great time to spend all for the Pirates of our campus as we enjoy our many cultural activities to a perfect day. There are nearly 200 people you can enjoy the day with. Their smiles and their whole campus will make you say all the more enjoyable. These are 200 days of fun, games, attractions, contests and people. Remember the fun from the past and the fun to come. The Delian Staff

# the guest of honor mr. ken jackson

We proudly dedicate the 1986-87 yearbook to Mr. Ken Jackson in appreciation of his warmth, care and loyalty to the pirates. Mr. Jackson fits the phrase "To know him is to love him," as the students in his classes soon realize. Each day when he enters the classroom he shares some of himself and his warm personality fills the room.

Mr. Jackson was born and raised in Berkeley, Calif., and he graduated from St. Mary's High School, an all boys school, which he loved. When asked to name something memorable about his childhood he replied with a smile, "I remember falling off the top of a bunk bed in the middle of the night and not waking up."

Mr. Jackson now lives in San Jose and has taught at Piedmont for four years. He enjoys teaching Business Law the most because the students who take the class are usually very interested, therefore they're easier to

teach. He's quick to add though, "I really like all my classes, they're good kids." Mr. Jackson admits that although he loves teaching he hates grading papers and if he won the lottery, the first thing he would do would be to hire someone to do the grading for him.

When not working Mr. Jackson feels it is important to enjoy yourself. He relaxes by snowskiing, water skiing, and refereeing football and basketball games at high schools and junior colleges. He has also been a Dig Brother for eleven years and in fact his first little brother is now twenty years old. In the future Mr. Jackson plans to continue teaching at Piedmont and maybe later become a counselor.

Besides all the hard work he puts into his teaching career, Mr. Jackson also finds the time to be the Junior class advisor.

# friends forever

As the adventure begins we all meet some new and exciting companions. It isn't hard to believe, as the Pirate campus glows with a friendly atmosphere. The Pirate membership is small enough to become acquainted with most of the student body.

Finding a comfortable spot in the sun to chat the lunch hour away, after standing in the long but wool lunch lines, is a very popular activity. Spending this time with your friends is also a good time for a quick game of 31 or for some extra help in Algebra.

Grams are the perfect way to thank those special friends for all those favors and for just being there.

Dances offer you the perfect time to cozy up to that someone special. Many a relationship has blossomed on our Pirate campus.

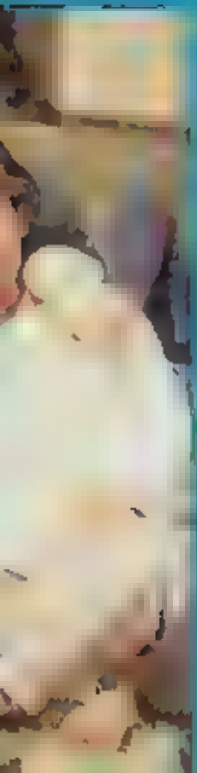

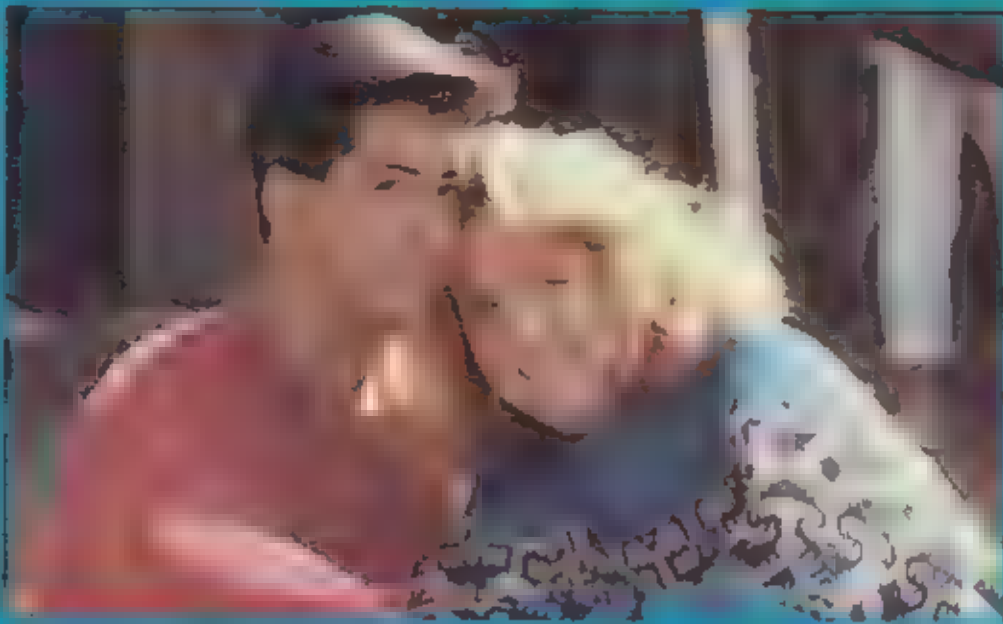

These new friends and the times you've spent together will always be remembered and may become the most precious souvenir of your journey.

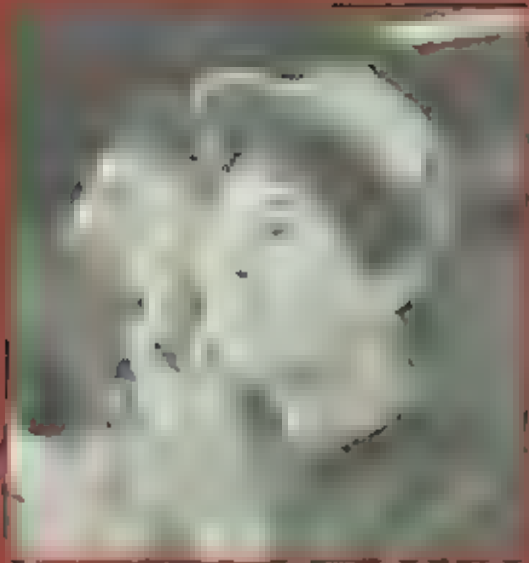

Five friendly football fans, Kar, Dawn, Loune, Lynn and Kerry; Alice Shiley, Mark Nava and Japanese exchange student Miyuki (Miss) Oosawa relaxing in the afternoon sunshine; Keshi, Jennifer, Paige, Lori and Mary are all smiles; Pam Lewis and Beth. Mark shares a close friendship.

The first thing I noticed when I stepped  
 out of the plane was the fresh air, the cool breeze  
 that hit my face. The sun was shining brightly  
 in the sky, and the birds were singing  
 to the joy of being free. I felt a sense of  
 peace and tranquility that I had never  
 experienced before. It was a beautiful day,  
 and I was finally home.

1. The first part of the paper discusses the importance of understanding the underlying mechanisms of the system being studied. This involves identifying the key variables and their interactions.

2. The second part of the paper focuses on the development of a theoretical model. This model is based on the principles of thermodynamics and statistical mechanics.

3. The third part of the paper describes the experimental setup and the data collected. The results show a clear correlation between the variables studied.

4. The fourth part of the paper discusses the implications of the findings and suggests directions for future research.

5. The fifth part of the paper provides a conclusion and summarizes the main points of the study.

The first step in the process of creating a new product is to identify a market need. This involves conducting market research to understand the preferences and behaviors of potential customers. Once a need is identified, the next step is to develop a concept that addresses this need. This concept should be unique, valuable, and feasible. The third step is to create a prototype, which is a preliminary version of the product used to test the concept and gather feedback. The fourth step is to conduct a feasibility study, which evaluates the technical, financial, and operational aspects of the product. The final step is to develop a business plan, which outlines the strategy for launching and growing the product.

We have finally ended  
 our four years here  
 it's time to say goodbye  
 one last tear  
 We've waited so long  
 now it's come our way  
 the time has come  
 Graduation Day  
 There are times that we've hated  
 even times we regret  
 but overall there are memories  
 we'll never forget  
 So when today  
 becomes "remember when"  
 take some time  
 to remember again  
 the way it is  
 and the way it was  
 four years of friendship  
 four years of love  
 To the underclassmen  
 time goes by fast  
 so believe the seniors when we say  
 make each moment last  
 We've learned to grow up  
 and let go of each other  
 but the memories in each of us  
 will last us forever  
 We don't want to let go  
 but we must  
 remember the good times  
 the memories of us

With the many enrichment courses offered during your stay, an enrichment program is available.

Bingo Management is to be enjoyable yet mind stimulating. The work that makes the main department so successful is the patience found in the staff members. Lead by Mr. Malovich, the department always leaves our guests feeling highly educated. For the first time in many years, the department was given new text books in both Geometry and Algebra I. Other changes include the switch to new rooms for a change of scenery. Mr. Method and Mrs. Palmer share their knowledge with the department for one period each and are said to be doing an excellent job. Says director Mr. Malovich, "We do well and are very proud as a department of our standing in the district and in the country." The hard work of the staff leaves guests not only with a memorable stay but with a feeling of accomplishment as we

 things work in the world around us. The  
 science staff would be extremely happy if  
 they could finally complete the  
 remodeling and construction  
 time they will pick up their good work  
 here at Paradise Piedmont Hill.

Our special education department's main goal is to provide our guests with learning opportunities that are tailored to their individual needs. We are currently trying to do this by providing them with a variety of learning experiences. Currently they have seven courses and we hope to have even more in the future. We are also trying to help them build their self-confidence. This is an example of how C. J. Piedmont Hills works to meet the needs of all our guests.

For a change of pace, Club Piedmont Hills offers many activities in their physical education department. From swimming to soccer we have it all. If the weather is full of its usual sunshine, you can use our glimmering swimming pool. If you'd like some fresh air, we have beautiful outdoor courts and fields. And if we should have an unusual cold spell, our indoor gym is always available. And in the near future we will have even more to offer. The department heads, Mr. Spina and Miss Azama, and their energetic staff are currently at work on putting in a par course. This will be great for our health-conscious vacationers. Also, the physical education instructors are trying to turn the desolate dirt area near the student parking lot into an additional grass field. This is just another example of how this excellent staff is trying to make your stay as fun-filled as possible!

This year's journalism class, otherwise known as The Legend, was made up of twenty-one dedicated students. These students have put in long hours to make our school newspaper a success. Some changes have taken place this year, including the transition from ordinary white paper, to extraordinary newspaper. The staff was also given access to the Apple Computers in the business classroom, which proved to be a big asset, and made publication

more incredibly efficient.

The staff is divided into two groups each of which produces a Legend approximately once a month. As their reliable class advisor Mr. Crowther states, "I think a school newspaper creates a sense of unity in any school, and of course it keeps the student body informed." Three cheers for Mr. Crowther and his outstanding crew! They truly were our 'Paradise Information Center'.

This year's yearbook staff got it all together and brought "Pirates Paradise" to Piedmont Hills. It took long hours of hard work to create this special book filled with the years memories. It wasn't all fun and games either. Ideas were needed, deadlines had to be met, and layouts had to be conquered. But we did it, and now we proudly present "Pirates Paradise" to you.

This year's staff got off to a really good start in organizing and putting together this yearbook. We met the deadlines with ease because they all worked together," stated Mr. Doug Mitchell, the staffs advisor. We couldn't have done it without him, either. Mr. Mitchell helped us put it together and keep it together.

And in closing, Donna Rones said enthusiastically, I think I speak for everyone when I say that working on the yearbook staff was an unforgettable experience.

(1) The first part of the paper is devoted to a discussion of the various methods of determining the rate of reaction. The most common method is the method of initial rates, which involves measuring the initial rate of reaction for a series of experiments in which the concentration of one of the reactants is varied while the concentration of the other reactants is kept constant. The rate of reaction is then determined from the slope of the tangent to the curve of concentration versus time at the initial point. Other methods include the method of half-lives, the method of integrated rate laws, and the method of differential rate laws.

# THE HISTORY OF THE

This year's first rally was extremely loud! As the students entered the gym on September 19th, they all had the same thing on their mind, "What's this all about?"

For the new students on campus (freshmen), a rally is a new experience. They walked into the gym not knowing what to expect or how to feel. After being around all the upperclassmen, while they soon learned what Prore spirit is all about.

The Golden Owl, the mighty football team, was scheduled for their league game against Independence. Independence was a strong season. Prore had its first outdoor rally of the year. All those who came to the rally, in support of the team, were allowed to watch the mighty Prores in action for free. The rally began as the Prore team ran through the breakeough pass, leaving supporters. No one left the game disappointed as the Prores celebrated their first win ever against the Independence 76ers with a final score of 28 to 6.

My stomach twisted and turned as I built up the courage to ask him to be my date at the Sadie Hawkins Dance on Oct. 17. I was terrified to ask him but I finally did and he said, "Yes!" The next step was to decide what to wear. Shopping with him was great, but it took forever to decide which marching shirts we wanted. We had the ultimate time at the dance. We danced the night away with music by Unlimited Play, were pronounced man and wife by Marryin' Sam, and held hands on the haystacks as we sat to take pictures. We ended the night by slow dancing to "Friends and Lovers." At that time, I couldn't help but think about how happy I was that I had asked him to go and I realized the fear that guys must feel when asking out a girl.

The day of the Sodas I washed the shirt that my date and I had bought, it shrunk and we had to go out and buy two brand new shirts in a hurry!" Derh Maier, Senior

## Seniors PIRATES

The color weekend was a spirit week this year. Spirit week began on Monday. This year's fun filled week started Monday with the color of spiritedness, all hiphopmore. They started the week off by having all the theme of Hollywood dressed up as they were walking the streets of downtown L.A. The next day the Freshmen took the stage. They brought the 50's back to the 80's. Greasers, Punk and Pixie skirts covered the quad.

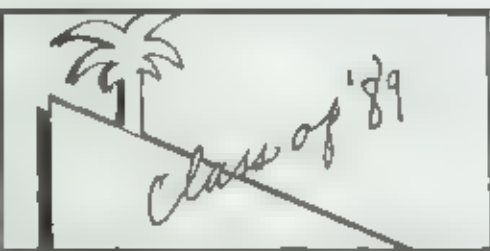

## Juniors DISNEYLAND

While the Freshmen were leaving the Juniors were following close behind with their theme Disneyland Mickey Mouse, Tigger, and many other characters brought to Piedmont Hall. The fun filled week ended with the mighty seniors. The strong class full of spirit took the Pirates as their color for the day. Pirate ships floated across campus while Pirates had their daisies over treasure.

## Sophomores HOLLYWOOD

The games were played, although with a few exceptions. The first game was a football game, the Senior team playing the Sophomore team. The Sophomores had the Freshmen team. The traditional ending of spirit week ended with the games. The candidates and cheerleaders lined up, nervous but ready to cheer that day down the middle lane.

First runners up Thor Harrison and Missy Cardwell

Love, definitely is the answer. Love is a friend on Valentine's Day with a big exception for the occasion. February 14th of course is Valentine's celebration. It would be complete without a queen, and queen, not even a parade. And the only thing that will be left out, candidates nominated by various sports. The crowd cheered with the candidates introduced cheering them along as they walked across the main hall to their seats. To prove their competence, our girls will be selected by our spinleaders who raise their hand and lead them into more cheering. Finally the big moment will come and for once during the whole celebration there will be silence as everyone anxiously awaits the results. First the runners-up, Missy Cordwell and Ther Harrison are introduced and then the new Valentine's king and queen, Eric Shepard and Laura Swann. The cheering resumed and once again the main hall filled with yelling.

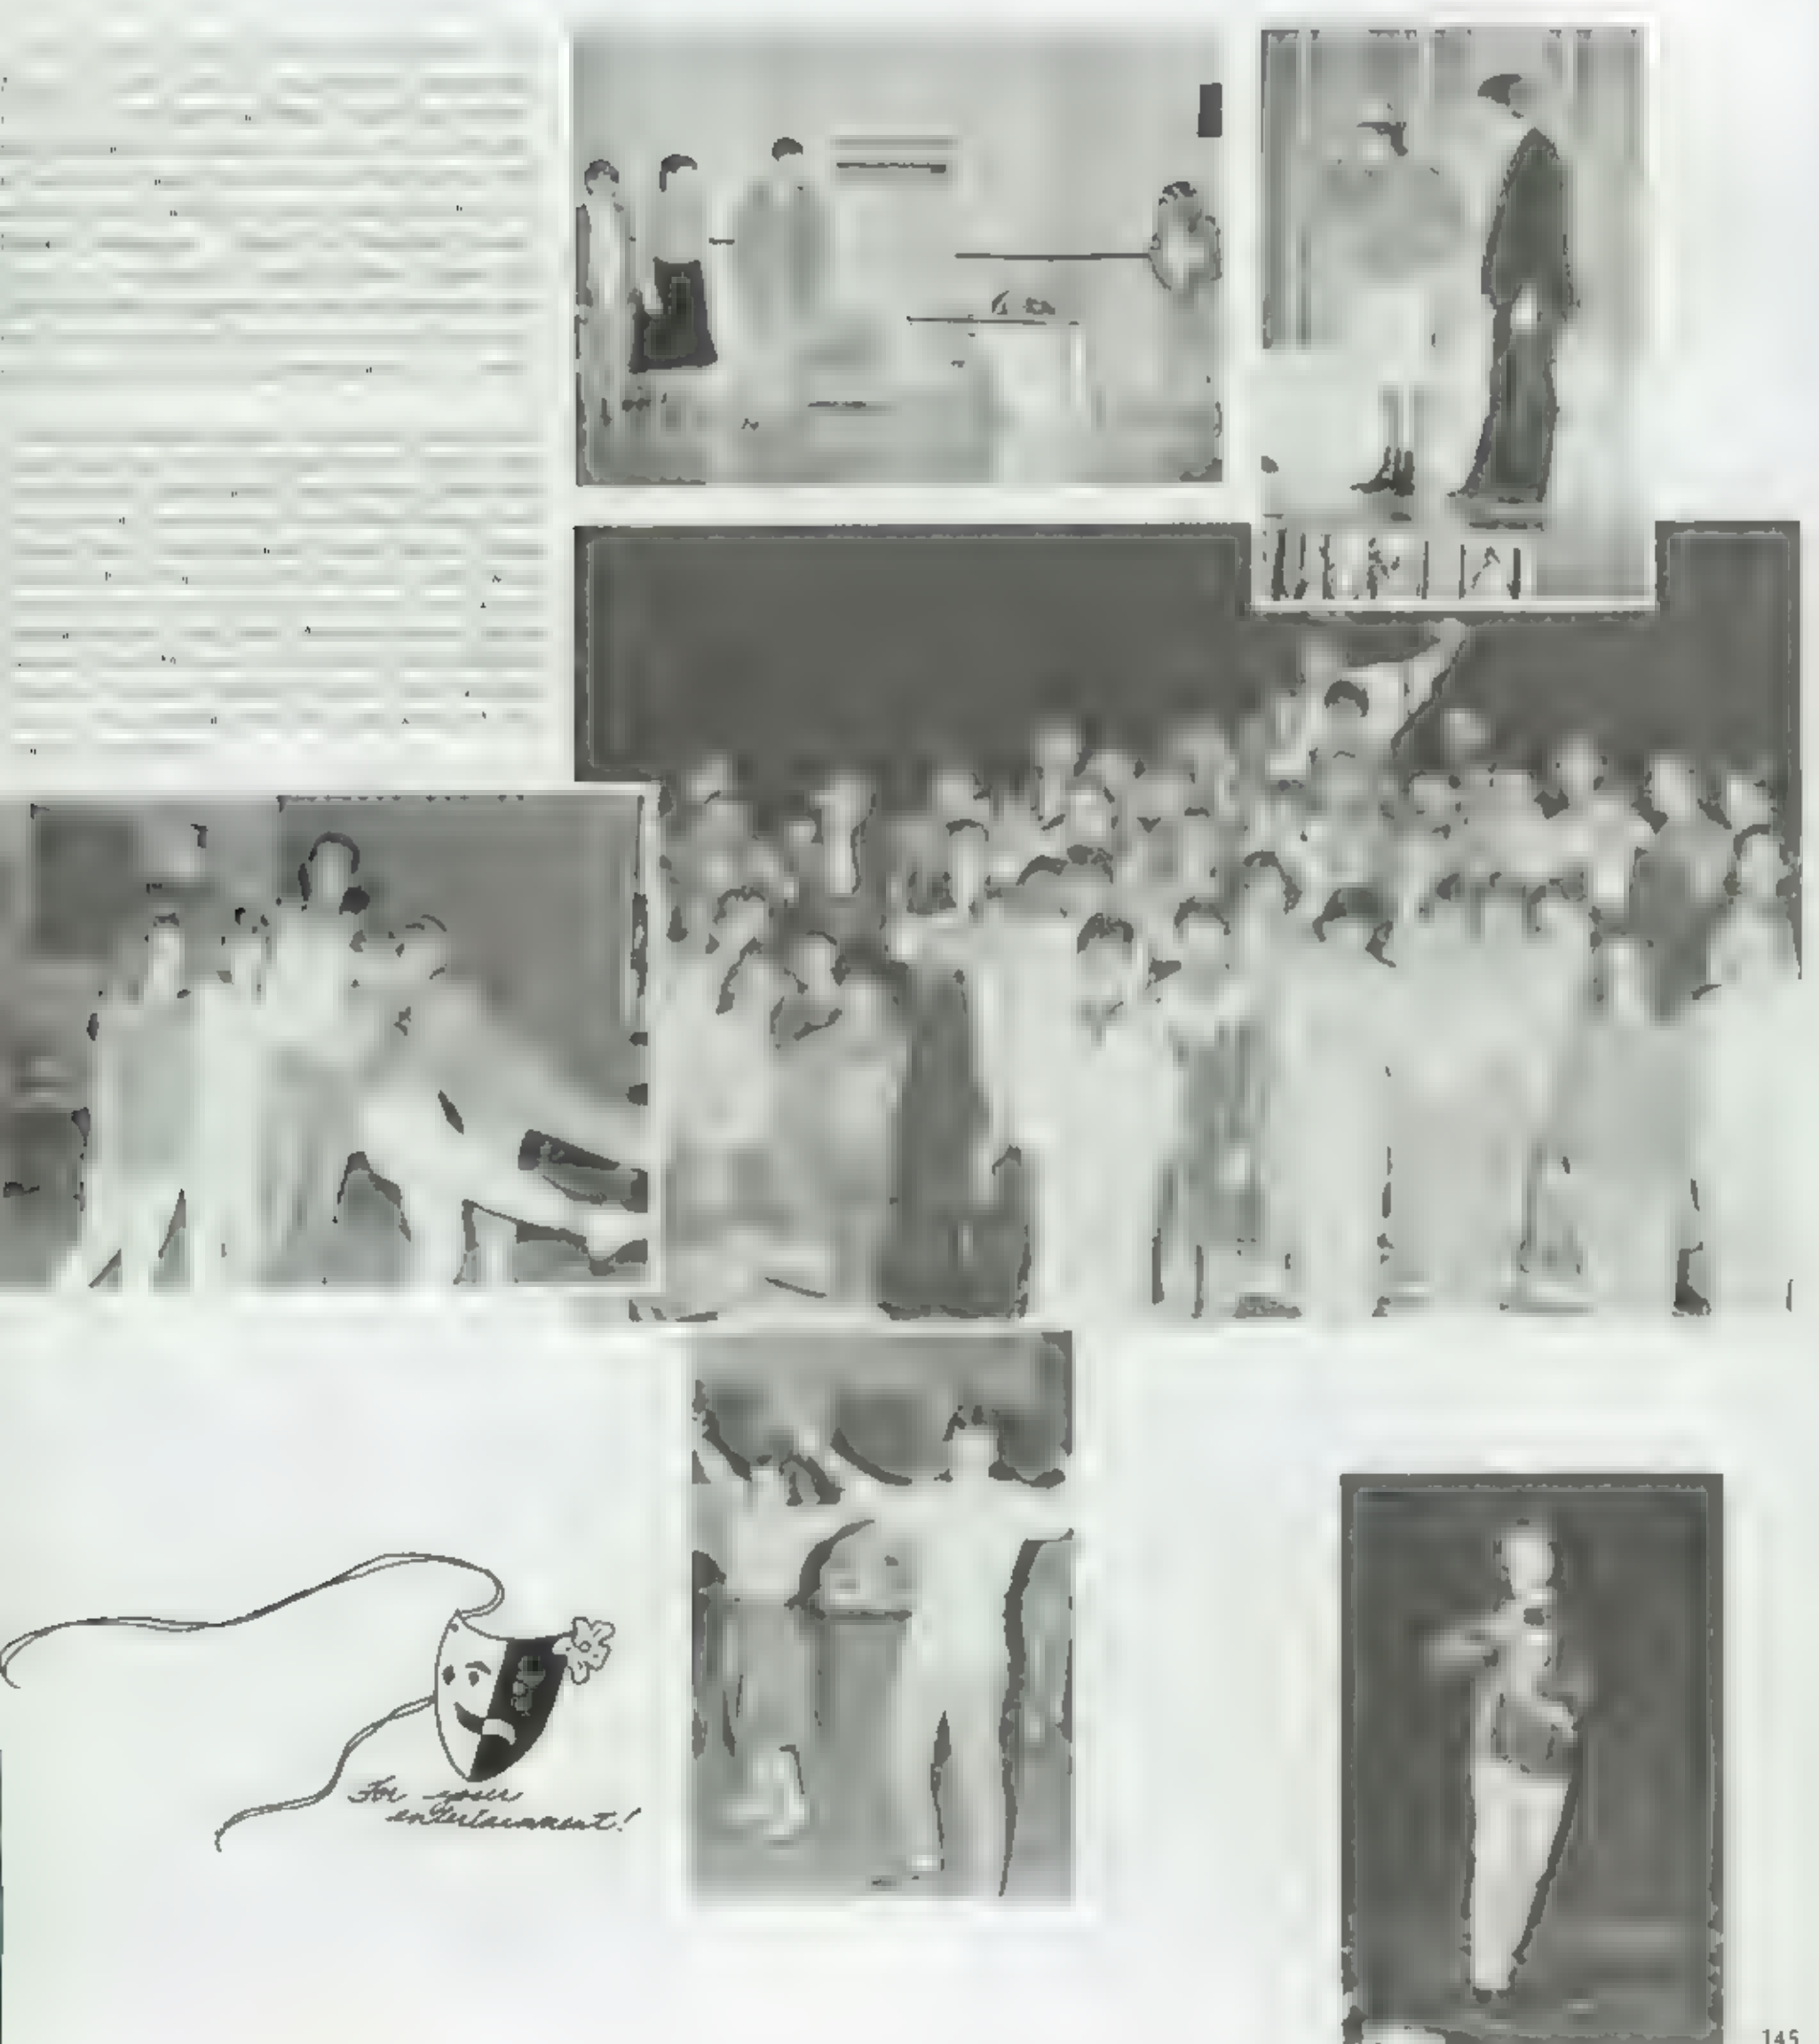

Sydney Vale nominated by girl's basketball and escorted by Mardal Ignacio, Michelle Taniguchi nominated by boy's soccer and escorted by John Muster, Ad Johnson nominated by girl's soccer and escorted by Ryan Hepomocena, Mary Cordwell nominated by boy's soccer and escorted by Kado Byrd, Luis Juco nominated by the spinleaders and escorted by Mark DeRozario, Laurie Greene nominated by boy's basketball and escorted by Mike Shepard, Ther Harrison nominated by girl's varsity basketball and escorted by No Johnson, Lara Swann nominated by boy's varsity basketball and escorted by Mike Johnson.

The A.S.B. officers are voted into office in the spring of the year preceding their reign. Each of the officers have different duties from planning activities, to leading student council. This year's officers have made it a year to remember. Starting with a Welcome Back dance and ending it with the Good Bye dance. With such events as Fantasies, Donkey Basketball and all the sports rallies in between. This year's A.S.B. officers had the first inner district exchange with other high schools. Being an A.S.B. officer is rough but the fun makes all the work worth it.

### SUPREME COURT

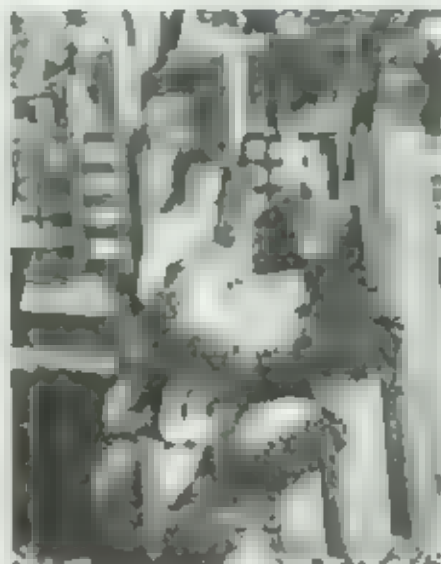

The Supreme Court plays a crucial role in the politics of Piedmont Hills. Appointed justices interpret the school constitution, draft amendments, count ballots in all elections, and run grade checks on Student Body officers and spirit leaders. Essentially, the Court is the foundation upon which the entire A S B and its functions lie.

### EXECUTIVE COUNCIL

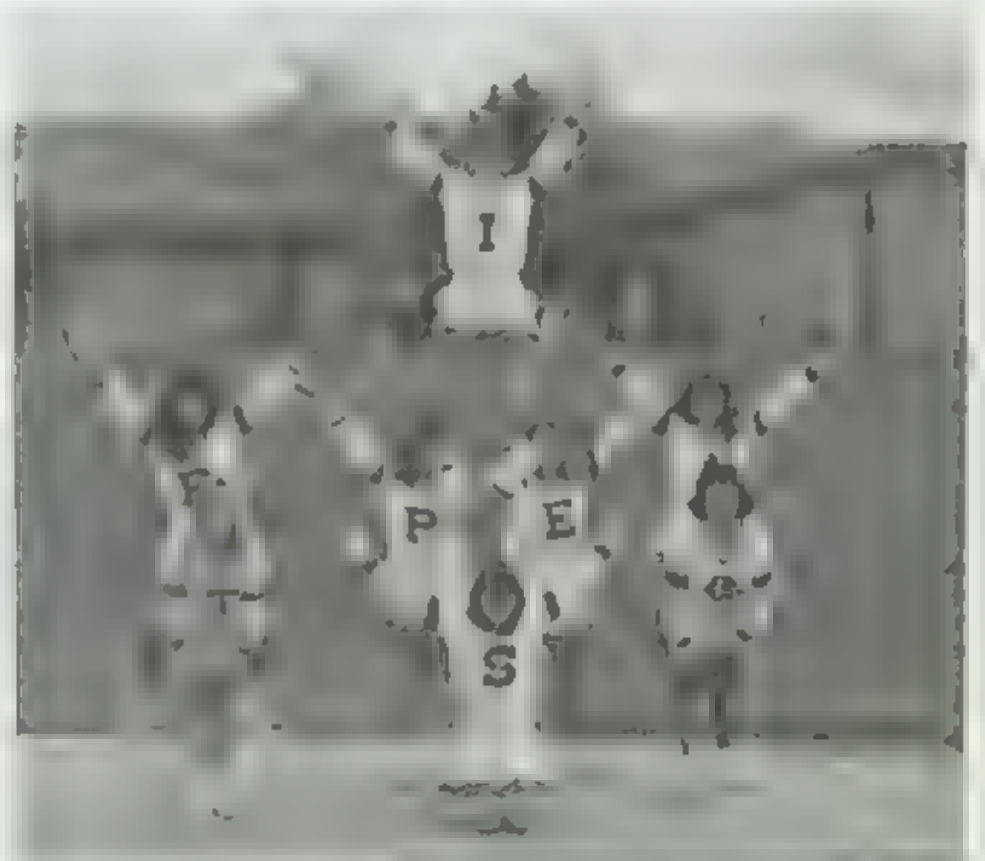

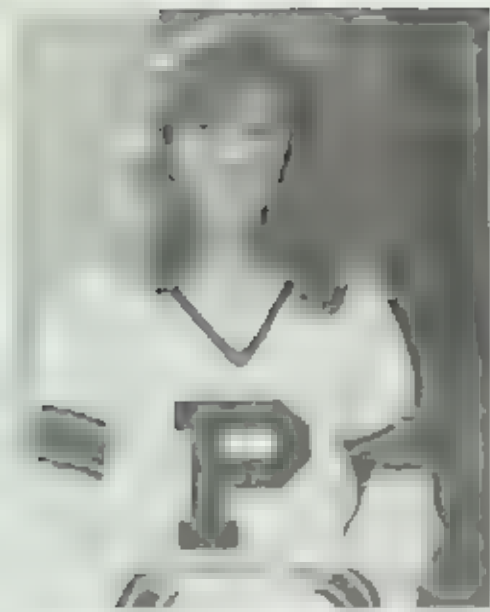

The Executive Council directs the activities program, another strong point here at Club Piedmont. Members also help in the upholding of Piedmont's constitution. During meetings, input is received from and decisions are made by the clubs, classes, and A S B offices represented there. Critical issues discussed this year included grade eligibility and A S B spending.

## Piedmont Hills High School

### BAND

What would happen if you went to a night game, the Christmas program, or Piedmont's spring play and heard no music? Piedmont's band plays an important role in many school functions. These talented musicians are directed this year by Mr. Snyder. Along with Band are three other groups — Jazz Ensemble, Jazz Combo, and the Pep Band. Planned events include trips to music festivals and a February concert.

### ARA

Academics, character, service leadership — such describe this year's twenty-six seniors selected for Piedmont's National Honor Society, ARA. During the year, each member is responsible for a program to help the community or school. Later, the group as a whole is assigned a community project. ARA is led by advisors Mrs. Moore, Mr. Towie, and Mr. Wong.

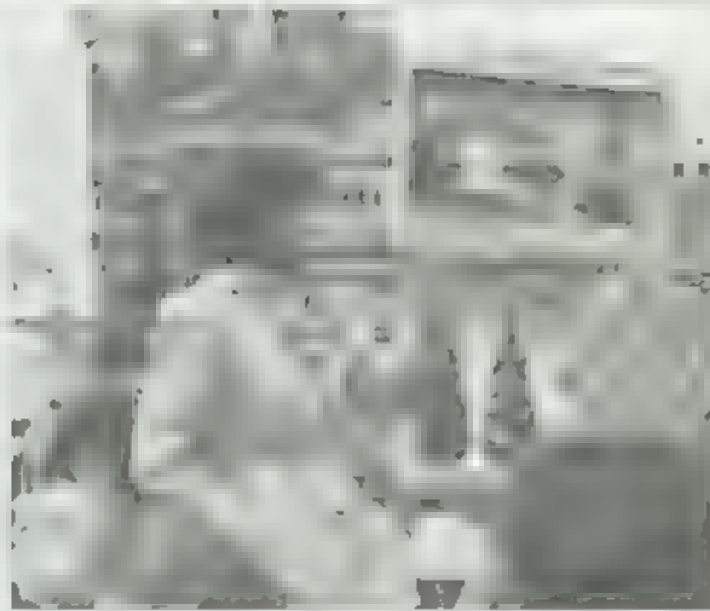

#### **BLACK STUDENT UNION**

Headed by advisor Mrs. Hines and President Angela Smith, the Black Student Union is one of the most active and informative groups at Piedmont. Members hosted a Sacramento Inspirational Choir concert, Martin Luther King Dedication in January, and Black History Month during February. Overall, the BSU has been very successful in increasing people's awareness of black history.

#### **FOREIGN LANGUAGE CLUB**

As one of the largest and most active on campus, the Foreign Language Club exposes members to friendship and cultures. Directed by Mrs. Diaz and Mrs. Hetu and President Natalie Brasil, members are involved in a Christmas gift exchange, Chinese New Year trip, Cinco de Mayo celebration, fundraisers, and several banquets. As one member put it, "This exciting club has definitely made an impact on my years at Piedmont."

### VIETNAMESE CLUB

The Vietnamese Club brings students together in order to preserve their culture. Although it is club members

participate in a cultural dance for the Christmas program, Club Day, and a Vietnamese New Year celebration. The group's advisor is Mr. Hopper and President Lien V.

### PHILOSOPHY CLUB

Is the world round? What would happen if Italy didn't exist? Under advisor Mr. Schurringer and President Monnica Williams, the Philosophy Club attempts to explore types of questions. It also publishes a monthly newspaper, *The Philosopher*. Vice President Jason Colfer

### MESA

MESA, which stands for Mathematical Engineering Science Achievement, is a program that helps to acquaint minority students with the math-related fields. This group, led by Mrs. Diaz, Mr. Schurringer and President Kim Worthy, participates in Club Day, industrial field trips, and an engineering contest sponsored at San Jose State University each year.

#### CSF

With "Scholarship for Service" as its motto, CSF provides yearly scholarships while promoting high standards for its members. The club is very active in functions such as the annual Jack Emery Drive, the Honors Night, the Christmas Bazaar, and a teacher-student luncheon. Under the leadership of Mr. Brunelli, Mrs. W. J. W. and Mrs. Gallagher and President Lisa Brunelli, members plan on going to Yosemite during the fall.

#### UCO

which stands for University Opportunity, is a small club that was formed this year with the guidance of Mr. Enriquez. It is designed to help young minority students entering high school to become familiar with the colleges.

### SPEECH

"Good morning, good morning!" — such are the sounds that start up every Pircer's day. This year the Speech Club, led by President Robert Becker, organized the morning bulletin and in so doing, has spiced up life here at Piedmont. Other activities for the club include trips concerning radio broadcasting.

### FDLA

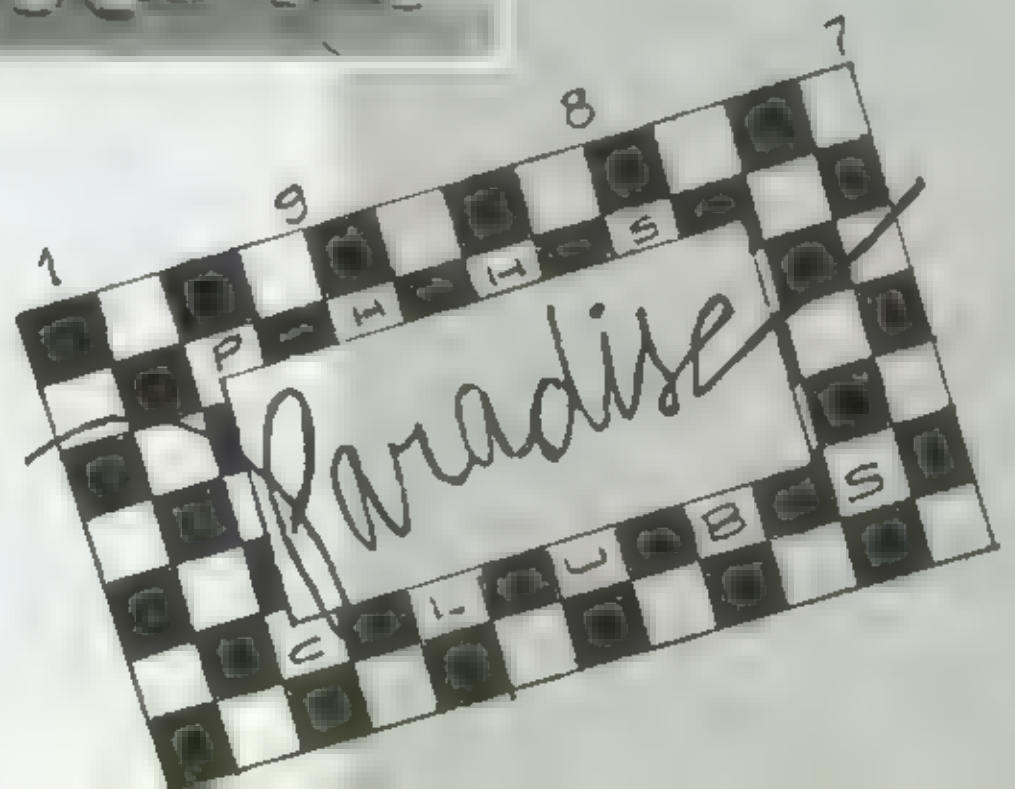

Interested in the world of business? Then FDLA is just the club for you! Under advisor Mr. Jackson and President Julie Moss, the Future Business Leaders of America is growing quickly. Already they've scheduled events including a state conference, guest speakers, and visits to major corporations.

The Varsity Girls, Volleyball team ended their 1986 season with a 7-6 record. Although they lost to James Lick twice, the Lady Pirates came back fighting against the Independence 76ers. There they lost 3 games to 2 but they enjoyed playing their rivals because they know they were tough and also many of the players know one another personally.

The volleyball team consists of six "awesome" seniors, team captain Lara Stuart, Barbara Whitmill, Laurie Searns, Idalia Rodriguez and Michele Tortora. Also on the team are four juniors, Kathy Gangwish, Parry Viator, Julie Norris, and Jennie Decena.

Game days were the most fun because of the competition and the opportunity to put into play what had been practiced all week. Practice included stretching, running, spiking, hitting and serving.

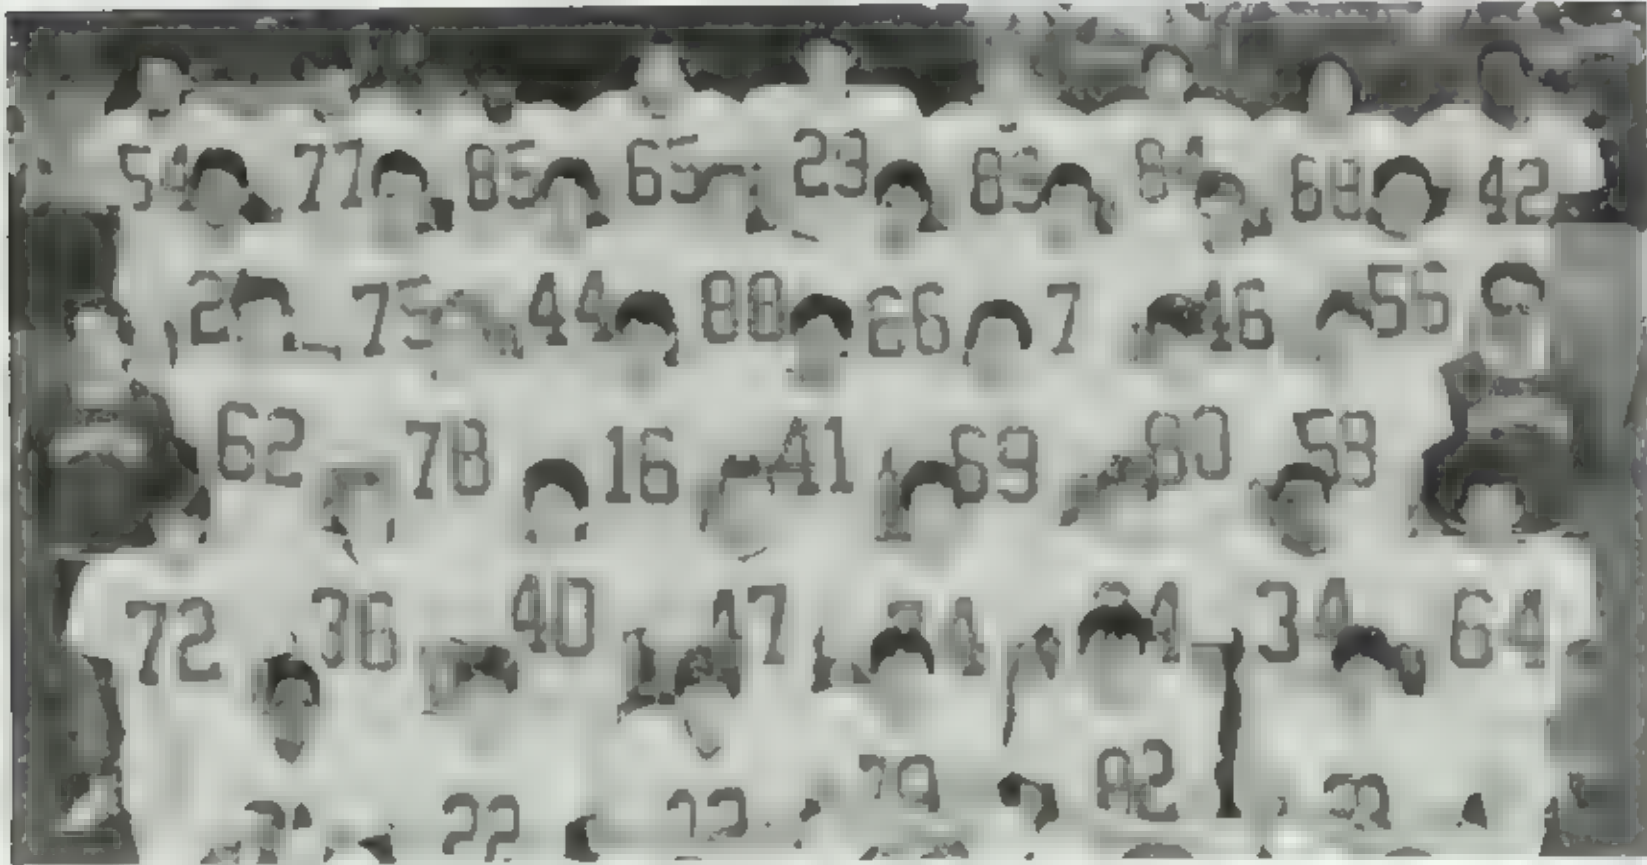

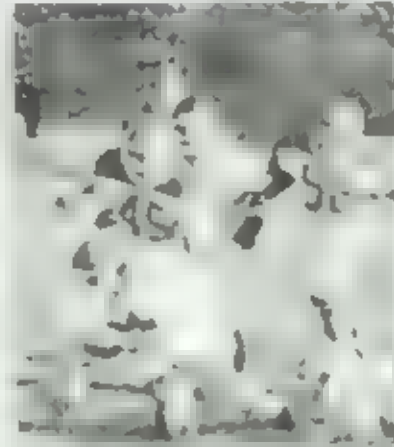

The Pirates made it to MHAL finals but lost in the first round. The players want to thank their coach who helped them come a long way this year.

Varsity Football Player Running with the Ball

The 1986 Varsity Football team experienced a fantastic season this year, finishing with a 9 and 1 record to become M.H.A.L. Champions. The Pirates' only loss was against Santa Teresa. However, they made a strong comeback afterwards against Silver Creek with a shut out for the entire game.

Dan Yetter launched another air assault this year after breaking last year's passing record of 2,000. Yetter accomplished a total of 2,400 this season. In addition, Mike Gregory achieved 1st Team All-League in C.C.S. and sophomore Conrad Franco completed a total of 950 yards rushing to get on the 1st Team All-League also.

Special recognition goes to Piedmont's mighty offense and defense lines. This year's outstanding defense included linebackers Kevin Monroe, Mark Harisay, defense backs Dan Yetter, Bob Colcord, Scott Wilson, and Mike Gregory, and defense line Thor Harrison and Kevin Majeski. Congratulations for a superb job Pirates and good luck in the coming year!

# pirates dominate sixers . . .

## how sweet it is!

For the first time in eleven years the Pirates defeated the Independence 76ers. The game took place on our field on October 19, 1986. The Pirates dominated with a 28-6 victory. The Pirates had a total of 41 yards with 127 yards rushing and 218 yards passing. Independence's only score came in the second quarter. During the week before the game the Pirates practiced very hard. The coach knew that we could beat them. It took a lot of encouragement for the team to believe, too, but they finally did, and the result was a team victory.

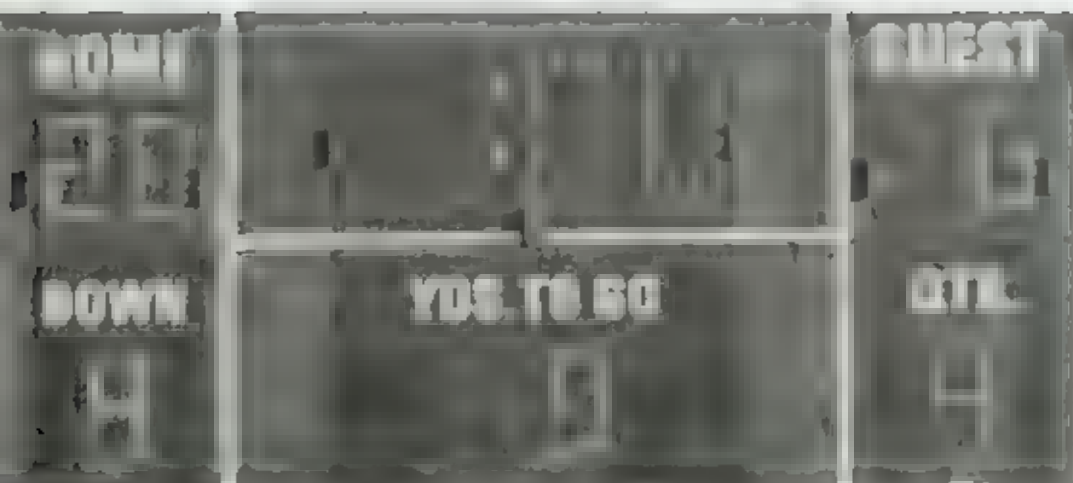

The victory set a new pace in the M.H.A. Following the win, people knew that the Pirates meant business and that they were serious contenders for the league championship. With this win the Pirates remained undefeated with a 4-0 over all record and a 10 league record.

Above right: Matt Collier, a senior, led the Pirates to a 28-6 victory over the Independence 76ers. The Pirates dominated the game with a total of 41 yards, 127 yards rushing, and 218 yards passing. The Lady Pirates had a fantastic season retaining the M + A L. tennis title for the 5th consecutive year. Pre-season wins over Lynbrook, perennial power Willow Glen and Gunderson sharpened skills and readied the team for league play.

With nine Seniors returning, the team was experienced, confident, and impressive, recording 9 shut-outs and finishing the season undefeated with a 13-0 league record and a 17-1 over all record.

Although the nucleus of the team will be gone, the remaining group will be back to uphold the Pirate winning tradition. Playing for the 1986-87 M + A L. title, the Lady Pirates were:

This year's girl's Varsity Cross-Country team was undefeated in league with a 9-0 record. Entering the CCS playoffs the lady Pirates had an 11-0 overall record. Senior Michelle Dohn said, "The great season we had was due to the hard work and dedication of the team and coach."

Next year, since three Seniors will be graduating, Coach Frandsen stated that the girls cross-country team would have to pick up 4 more good runners to have a good season. She also said that independence would be favored because their top 5 runners will be returning next year.

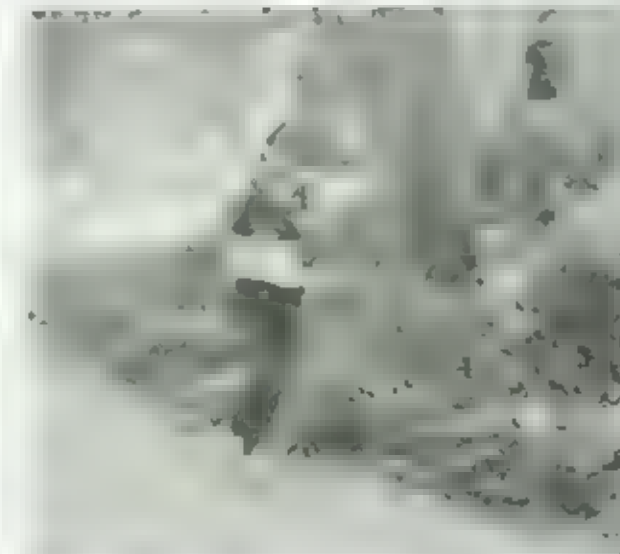

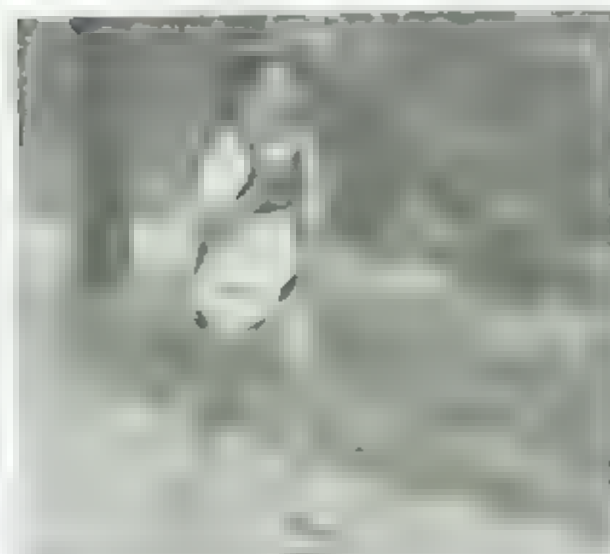

1st team all league titles went to Senior Team Captain Jennifer Dahringer, Sophomore Torsha Handy, and Senior Christine Croyle.

The 1986 Varsity Cross Country team limped to a 1-9 record. Many personal injuries contributed to an off year. The lone victory came against Andrew Hill.

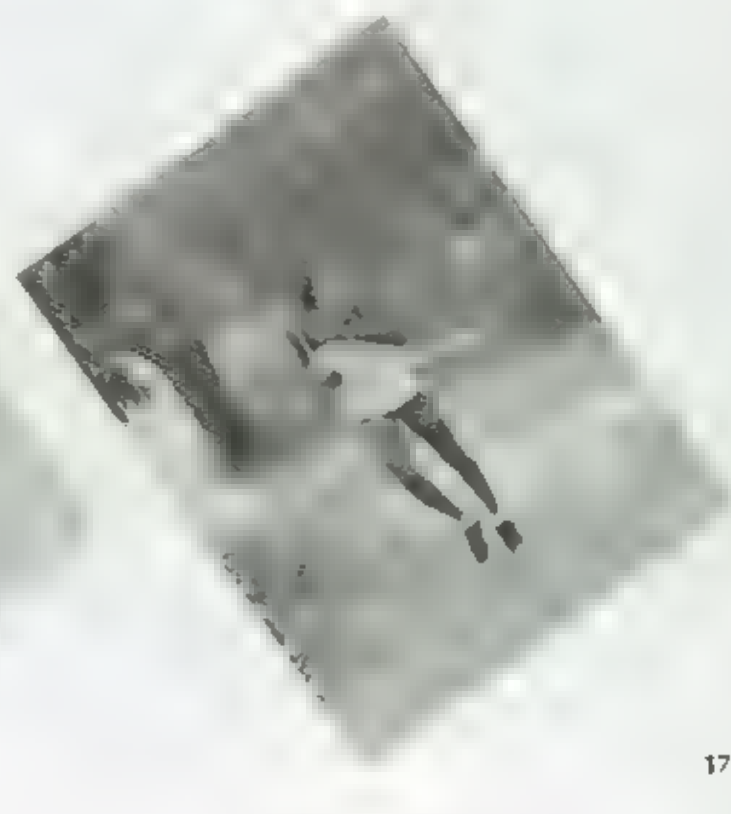

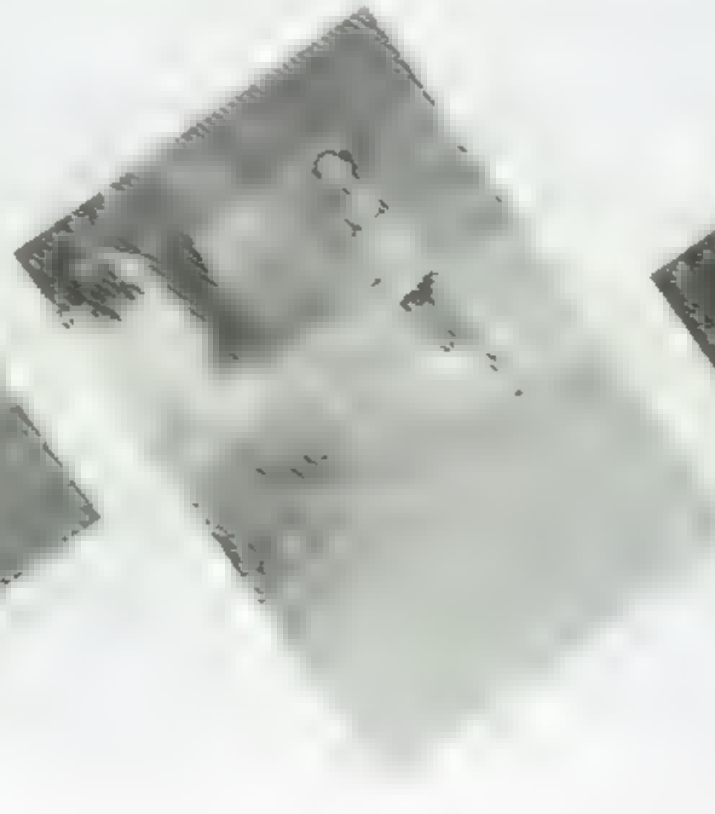

Another factor contributing to the losing season was inexperience. Most of the team are freshmen and sophomores with no seniors at all. Many of the opposing teams were more experienced, having seniors who had run throughout their high school careers.

There were some bright spots during the year. Everyone on the team broke their own personal records. The team also took 3rd place at the Washington and Del Mar Invitational. MVP went to Joe Tang and the coaches awards went to Paul Brower and Dli Evanger.

Continued effort will provide the Pirates with greater success in coming years. In addition, many of the runners have put themselves on a year round training program. Again, the Pirate runners have proved that they have a winning attitude.

# changes in the water

Varsity Girls Swimming made a season change this year. After several years competing in the spring with the boys varsity, they returned to a fall schedule. This will allow the girls to compete in post season meets such as CCS. The girls say they miss the guys, but have benefited as a result of the extra attention from the coach.

Captain Kris Williams said the team improved a lot and many individuals made personal bests. Kris also added, "I'll miss being a part of the team next year."

The team had a new coach this year. He is Dean Mutimer. He increased the workout yardage and has been paying special attention to the girls' stroke form.

The girls had a challenging season with a record of 4 wins, 4 losses, and one tie. Girls that advanced onto CCS were Lisa Well sand, Heather Fleming, Karen Vincent, and Janice McDermott in the 200 medley relay. Heather Fleming also swam in the 100 back and 100 free, placing 13th overall in the 100 back. Good job girls.

When it comes to wrestling, these Pirate's know what's up. Although the team had a very late start, they showed great determination in winning. This year's wrestling coach, Ben Barrientos just happened to show up at the spur of the moment. Piedmont Hills wrestlers were disappointed when they realized their coach Dave Rojas from the years before was no longer their coach. Ben Barrientos walked in on accident. He came to help practice with the team and was amazed that Piedmont didn't have Rojas any longer. Thanks to Barrientos Piedmont's wrestlers had a chance to wrestle for our school once again. Returning wrestlers are seniors George Adams, Isado Byrd, and Sidney Valle. Junior wrestlers are Bobby Hughes, Chris Dallen, and John Houser. Little Johnny Gomez returned as well. The Girl's Varsity Basketball team once again proved that winning the M. H. A. L. Championship is an incurable habit of theirs. The girls captured the title on Feb. 18 by beating Independence 62-40, ending the season with a dominating record of 14-0. With the M. H. A. L. Championship behind them, the team continued onto the C. C. S. playoffs and finished gracefully in the semifinals. This year's offensive rebounding was led by sophomore Kim Conway. The All-League MVP was also rewarded to senior Kari Dobashi, who played well throughout the year. Good luck next year Lady Pirates!

## slammin' specialists

This year's Boys Varsity Basketball team ended their year with a 13-2 league record and a 21-4 overall record, losing only to Silver Creek and twice to Independence. After capturing the MHAL North Division title, the Pirates came up short at the MHAL playoffs against Independence by a score of 58-65. Entering the CCS playoffs the team had an unfortunate loss to Bellarmine, losing only by 6 points in the opening round. The final score was 64-70.

The basketball team had many highpoints. Two significant highlights were the Westmont Tournament and the Independence Tournament where the Pirates came out first place both times. MHAL All League titles went to Junior, Rex Walters, Junior, Lucius Davis, Senior, Mike Gregory, and Senior, Luis Juico. Rex, Lucius, and Luis were among the top 20 scorers in Santa Clara County. Mike Gregory was a strong rebounder as well as passer. Since most of the team will be back next year, they are expected to do well in the 1987-88 season.

Right: Bridger Teodoro shows her talent as she smashes the shuttlecock over the net.  
Bottom left: The #1 doubles team, Barbara Whimill and Dawn Kowashima, show good form as they begin their match.

The girls' varsity badminton team started off its season with a league record of 2-0. This year they are one of the teams strongly favored to win M.H.A.L. There are many girls with three to four years experience, while most of the remaining players are rookies. Hopefully this will form a winning combination.

Many of the girls have hopes of success in the post-season individual play-offs. Two of these players are Barbara Whimill and Dawn Kowashima who are in their third year as the #1 doubles team. They have been undefeated in league for the past 2 years, and finished at 7th place in C.C.S. play-offs last year. Other outstanding players are #1 singles Ngoc Cao, and #2 doubles Bridger Teodoro and Heather McFrye.

C Coach Manuel Lopez is a teacher at Piedmont Middle School. He believes his team has the ability to win it all this year. He had something he'd like to say to his graduating players: "I want the seniors to know that you have given me the great memories throughout the years I've known you. May you continue with your success and your happiness. You'll always be number one." With a lot of hard work and dedication, Coach Lopez's wish will come true.

Piedmont guys were off to a great start this season, with the F/S team defeating Wilcox in a pre-season meet, 70/40. The Varsity gave it their best shot, but were defeated 30/64.

Overall outstanding performances were given by Louie and Nick Juco in hurdles, Lonny Tiri in shotput, Joe Tong in distance, Chayer Siripoki in sprints, and Mike Sheppard in the 1/2 mile.

The 1987 Varsity Baseball Team is made up of six seniors and nine juniors. At press time the Pirates were playing solidly on defense, anchored by seniors Scott Wilson, Scott Hughes and Rob Johnstone. The pitching corps was led by senior Frank Martinez, who had several good outings this season. The Pirates are counting on juniors Kevin Hughes, Isaac DeLaRosa, and Jeff Rodriguez to provide some extra offensive punch, providing greater run production, and putting a few more wins in the win column than they did in 1986.

The Pirates baseball team, with coaches, posed for a group photo on the field.

The Pirates baseball team did not start too good at first for this year. The Pirates baseball team. With only two starters, the Pirates were faced with a lot of challenges.

However, these new players, who were newcomers, came on extremely strong and made this year's season a successful one.

Pitchers Willie Thomas and Jon LaRiviere performed quite well, as did catcher Steve Anderson, utility player Joe Edwards, and outfielder Chaiyas Siripoke. These talented newcomers to Pirate baseball program, along with our veterans, helped make the prospects for a winning team next year quite good.

The lady pirates started out their season with a smashing win to Yerba Buena. They stole it away leading with a score of 18 to 4. The last two games were an upset against Silver Creek and Overfelt. Their P.A.L. Tournament for the pre league season ended when they lost to Branham & Pioneer. Two of the top teams in California. Their season looks bright with a game against the (sixers) K mart our arch-rival, later in the season. Next year the lady Pirates will have a bright future when they have everyone of their team members returning except one senior.

Above: Coach Mike Abrigo. This was his first year coaching swimming at PH.

Though the Pirates swimming started late this spring they came on strong and demonstrated great potential. Starting the season with a 2-0 record they had high hopes for attaining the MHAL title. Their first victory was against the Overfelt "Royals" with a score of 114-52. While their second victory was against Yerba Buena "Warriors" this was a 115-50 victory. Coach Abrigo has been training several swimmers for CCS at Stanford. Abrigo has stepped up the yardage and increased the number of workouts by adding three morning workouts. When asked how the team was this year Senior Todd Nielsen responded, "It Ripped!" Senior Mike Chapman commented, "Coach Abrigo has challenged all of us with his workouts."

After 75 years, secrets of the Titanic were revealed to the world. On nationwide TV, divers filmed the famous sunken ship.

## SEPTEMBER

Scientists discover the drug AZT. It is supposed to prolong the life of AIDS patients. The drug is, however, too expensive to produce. The AIDS scare troubled the world all of '86 and '87.

## OCTOBER

The Iceland summit ended as cold as ice. No agreements were made because of the uncompromising attitudes of the US and Soviet Union over the Star Wars defense system. Moscow does express a goal to eliminate nuclear weapons by the end of the century.

## OCTOBER

House and Senate override President's veto on South African sanctions. America has a growing concern about American business involved with South Africa.

The New York Mets win the World Series over the Boston Red Sox.

## NOVEMBER

Dow Jones takes the biggest dive in history. It dropped

121.42 points in two days.

Reagan declares a war on drugs. He takes a urine test and proposes tests for top officials. Drug testing becomes a very controversial issue through the year.

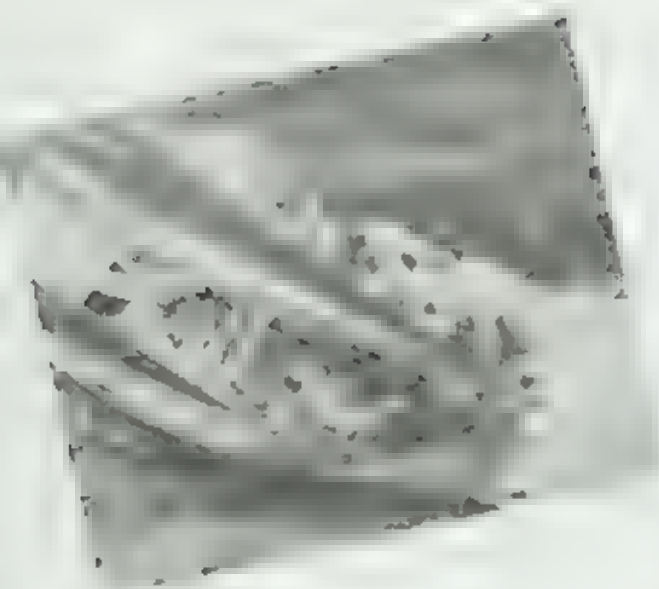

## DECEMBER

Iran Gate plagued the President. The US sold overpriced weapons to Iran for hostages. The excess money was illegally given to the contras of Nicaragua.

The Voyager landed in time for Christmas. It was the first plane to fly 23,000 miles, around the world, on one tank of gas.

Thank you for all your help and support this year in yearbook. We couldn't of done it without you. Thanks for being patient with us throughout the year.

*Don't Forget*

We walked together along the path  
 of dreams and future plans  
 We watched the sun come up and set  
 always giving a helping hand  
 I'd guide you far and you'd guide me  
 Together, nights and days  
 But now some force divides us up  
 to go our seperate ways  
 Just walk with me from now 'till then  
 let me know your always there  
 To warm my heart or make me smile  
 and tell me that you care

*Good luck to the
